

TRANSCRIPT PREPARED BY THE CLERK OF THE LEGISLATURE
Transcriber's Office
FLOOR DEBATE

May 8, 2001

LB 620

SENATOR CHAMBERS: Oh yes, but it's on the genetic testing and genetic screening.

CLERK: Right.

SENATOR CHAMBERS: Thank you. I'm with you now.

CLERK: Okay.

SENATOR CHAMBERS: Thank you. Mr. President, members of the Legislature, this is a substitute amendment for the one that had been up there and we had discussed originally. But this one is more correct in saying what should be said. It would add a new section to the bill and it would say, "Genetic testing or genetic screening of employees is prohibited". That is what the amendment is that will be before us now.

SENATOR CUDABACK: Was that your opening, Senator Chambers?

SENATOR CHAMBERS: No, I don't want that to be a time to speak, I just want that to be enough to let us know what's going on.

SENATOR CUDABACK: Okay. And you opened for discussion on that amendment? Or do you want to reopen on that amendment? Senator Kristensen, you're recognized to speak.

SPEAKER KRISTENSEN: Mr. President, I just want to make procedurally clear where we're at. Has Senator Chambers had a chance to open on his amendment?

SENATOR CUDABACK: He opened yesterday; I gave him the opportunity to open again this morning. He did do such, so he said.

SPEAKER KRISTENSEN: I guess, Mr. President, I thought he was just giving an update of where we were at. He'd withdrawn, and he was asking to open.

SENATOR CUDABACK: Did you reopen on that this morning, Senator Chambers?
